Product Description

Fosca is a bold baroque serif display typeface that fuses classic elegance with contemporary design to offer continuous and comfortable reading. Its curves are inspired by the shapes of a famous predecessor: Clarendon. Due to its design features, the terminals are designed for adding a subtle ornamental aesthetic to the typeface guaranteeing a pleasant viewing experience combining delicacy and readability.

Available in a single Bold weight, it is crafted specifically for headings where its striking character and high contrast can take center stage. With its strong identity and excellent legibility on both screen, paper and advertising, Fosca is the perfect tool for creating distinctive branding as well as typesetting a literary work.

Fosca's design plays with exaggerated strokes, balancing rigid, upright structures with dynamic shapes that feels both timeless and distinctly modern.

Its comprehensive glyph set covers a wide range of European languages. To meet today's typographic demands, Fosca also includes an extensive character set covering alternates, ligatures, old numbers and proportionals, all accompanied by their corresponding oblique versions. To further enhance its expressiveness, Fosca includes various symbols pushing the boundaries of traditional design.

The fusion of classic and contemporary makes it an ideal option for designers looking for a versatile typography with character.

Freebie Specifications
